

The logo for Kit Energy features three blue curved lines on the left side, resembling a stylized 'K' or a signal wave. To the right of these lines, the words 'Kit Energy' are written in a serif font. 'Kit' is in blue and 'Energy' is in green.

# Kit Energy

Setting up the future...

...providing the most efficient solutions.

# Quality & Experience

Kit Energy has broad experience in the manufacturing and supply of ground screw piles for various industries.

We provide our customers with foundation solutions (different types of soils, loads and topography) satisfying all their specific needs.

That's why we assure the maximum efficiency, durability and performance of our products.

## ADVANTAGES OF GROUND SCREW PILES:

- **COMPATIBILITY WITH ALL TYPE OF STRUCTURES.**

Our technical department will modify the head of our ground screw piles to the specific application of the customer.

- **SURROUNDING AREAS REMAINS INTACT.**

The special configuration of our product allows the insertion without performing land preparation works, which reduces costs.

- **EASY REMOVAL. SIMPLE AND EASY TO RELOCATE.**

One of the main advantages of our ground screw piles is the possibility of removing them, reducing the environmental impact and keeping costs to a minimum with simple relocation methods.

- **SUITABLE FOR ALL TYPES OF SOIL (FROM CLAY TO ROCK).**

We have a broad range of products which ensures the best performance in all types of terrain.

- **QUALITY.**

Our ground screw piles are manufactured with high quality materials (hot dip galvanized complying with the ISO 1461:1999). All our suppliers (certified under ISO 9001:2000) carry out strict quality controls in order to get the best quality performance as required by our internal procedures.

- **STATICALLY TESTED FOR LOAD & PULL ACCORDING TO STRINGENT GUIDELINES.**

## HUMAN RESOURCES:

Our operators are highly qualified for inserting the ground screw piles (after having installed more than 20 MW in Spain, Italy and Germany).

## PRODUCTIVE MEANS:

We offer optimum quick installations due to our own production means.

**Kit Energy** has the most advanced drilling machinery.

## OTHER APPLICATIONS:

- ✓ Greenhouses.
- ✓ Sound Barriers.
- ✓ Traffic Signs.
- ✓ Solar power systems...
